

Joaquim Martell i Pérez, **Quality Area Manager of the Catalonia Institute of Construction Technology – ITeC**

CERTIFICATES:

That on 30 October 2007 procedures were initiated for drawing up the European Technical Approval document – ETA – in compliance with ETAG Guideline 003 'Internal partition kits for use as non-loadbearing walls' for the specified systems and usage:

Product: M82 and M92 internal partition kit.

Use: Non loadbearing walls in office areas, schools, etc.

Product: NODUX internal partition kit.

Use: Non loadbearing walls in office areas.

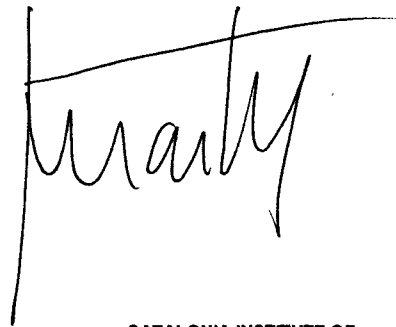

Manufactured by:

Company: **Dynamobel SA** (manufacturing plant in Pamplona)

That the system executed will be verified according to the assembly instructions and constructive solutions indicated by Dynamobel SA.

The validity of this certificate is subject to this ETA figuring in the updated list of ETAs (under elaboration) that ITeC maintains on the Institute's website (www.itec.cat).
